

SUBJECT:K-LOVE, FM RADIO STATION

It is my opinion that a radio station that promotes "wholesome values" and has a "Positive,Encouraging Message" is benificial not only for me but to the community where I live. I believe that the programming provided by K-LOVE is"Family Friendly" and has a encouraging impact not only in my community but on all communities that are fortunate enough to have access. Please keep K-LOVE on the FM translator and not downgrade it to LPFM. Thank you for your consideration. Sincerely, Hilda Martinez
